

DIAMONDBACK ELECTRONIC, LOW-PROFILE FIELD POUR TRUCK SCALES

Thurman's DiamondBack Field Pour Truck Scales feature a 10" thick concrete deck for maximum strength and a unique "sealed deck" design that protects the scale's structural steel supports from moisture intrusion.

MANY EXCEPTIONAL FEATURES

- 90 k CLC rating.
- Intalogix® Technology offers scale industry's greatest lightning and surge protection, as well as superior load cell diagnostics.
- No shoring required.
- CheckLink™ self-restoring parallel link suspension eliminates need for check or bumper rods and never requires readjustment after installation.
- When deck is poured, the scale's Internal steel supports become encased (sealed) in concrete for superior protection against moisture and corrosion.
- Massive, 10" thick concrete deck exceeds most competing decks by 4".
- Low approach height (15") and greater clearance (4 5/8").
- Chemically cross-linked, two-component, acrylic urethane industrial coating system stands up to wear.
- Continuous 1/4" bottom skin.
- NTEP approved scale; NTEP and FM approved load cell.
- Thurman quality craftsmanship and reliability.

WHY THURMAN SCALE IS THE RIGHT CHOICE

Thurman Scale offers one of the broadest lines of vehicle scales and heavy capacity weighing equipment on the market. For more than 90 years, Thurman has focused its efforts into building superior products and delivering complete customer satisfaction. That's why we believe you'll find Thurman to be the most valuable choice for all your vehicle weighing needs.

APPLICATIONS

Thurman's DiamondBack Field Pour Truck Scales are designed and engineered with a variety of weighing applications in mind, including:

- Agriculture
- Chemical
- Coal
- Food processing
- Manufacturing
- Mining
- Recycling
- Scrap industry
- Solid waste
- Textile
- Timber
- Quarry

SPECIFICATIONS

Platform Sizes	
Widths	10' and 11' standard
Lengths	10' to 100' standard (custom sizes available)
Scale capacity	60-135 ton
Concentrated Load	
Capacity (CLC)	90 k
Load Cell	
Capacity	75,000 lbs
Type	Double-ended shear beam
Resistance	700 ohm cells
Output	3.0 mv/V
Cable Protection	Armour Guard
Checking	CheckLink™
Approvals	NTEP CC# 06-114, Factory Mutual
Deck Construction	
Concrete	
Product Assembly	
Deck poured on site	
Approvals	
NTEP CC# 90-109	
Scale options	
Traffic lights and kits, ticket printers, instrumentation, welded rub rails, remote displays
